NOBODY IS BLAMED.

Chief Wilmarth Reports on Accident of July 16.

Nobody is blamed by Fire Chief George O. Wilmarth for the accident the morning of July 16 when two men were seriously burned and a team and horse cart belonging to fire station No. 4 were lost in an alley near First and Buchanan streets.
In a report made to the city commissioners this morning Chief Wilmarth said that while the water pressure seemed to be weak when the companies first hooked up to it, that it might easily be ascribed to the fact that the mains in the vicinity are "dead ends," that the mains are only four inches in diameter, and that long lines of hose had to be strung to reach the fire, lessening the pressure through friction.

Four lines of hose were laid to the fire, the chief says, and there were 750 feet long while another was 550 feet long. The other two were 550 and 450 feet respectively. He says that in long lines the water pressure is reduced from 8 to 10 pounds per hundred feet, thus reducing the pressure on the longest line to a low figure. He suggests that a cross main be laid to connect the "dead ends" and thus secure a free circulation of the water.
The chief comments on the bravery of Paul Little, driver of the horse cart that was burned, and Harry Root, meter reader in the water department who attempted to assist the firemen in driving the horses out of the alley. Both men were badly burned. Chief Wilmarth declares he believes the accident occurred through the falling of electric light wires that paralyzed the horses. He says the alley was in such condition that a safe passage might have been obtained if the wires had not fallen, but after the wires fell that it became impossible to do anything with the terror-stricken team.

JAIL BIRDS SING.

Musical Class Is Organized at the City Prison.

The prisoners in the city jail have organized a musical class, and are making up of various tunes ranging from rag time to grand opera. As many of the prisoners are colored, the musicians are especially adept in singing old southern melodies. Atkinson, the leader, makes a specialty of singing the "Swanance River" and "My Old Kentucky Home."
About six of the prisoners are in the music class and the others hang around to listen. While the concert lasts there are no games of pitch or poker. Jailer Parcells said that the songs had a good influence on the men and he has encouraged them to continue the series.

Jury List for Second Division of District Court Is Drawn.

The jury list for the September term of the second division of the district court was drawn this morning by County Clerk O. K. Swayze. Not a woman on it. Spirit Told Woman to Hunt Up Man and Marry Him.

Union Hill, N. J., July 25.—Mrs. Marj Hoppell, who has taken up spiritualism since the death of her husband in an automobile accident a year ago, invited all her friends to attend a "séance" in her home last night. They sat in the dark in the parlor waiting for rappings from another world, when the folding doors suddenly swung back, and a flood of light revealed Mrs. Hoppell brand in hand with Frederick Bruefcher, a retired baker, and with them a minister who performed a wedding ceremony before the astonished guests realized what was happening.

A spirit came to me," explained Mrs. Hoppell, "and it ordered me to search out Frederick Bruefcher and marry him. I knew him years ago, but I had lost track of him." Within three days after she had found him, she said, the desired proposal was made.

"It is a spiritual wedding," she added, "and is not to be judged by earthly unions."
